

Dear Friends,

Summer already, schools breaking up for the summer holidays, we are so fortunate to have the beautiful countryside and the sea close by. God's creation is wonderful and sometimes, unfortunately, can be taken for granted, we all need to work together in harmony and love to protect our environment for our children and children's children. We hear of terrible events happening within our world, but if we can all lift our vibes of love and light I am sure it will help, so please keep your prayers of healing going for the world.
