

Dear Friends,

I would like to say to Andrew, "Thank you for reminding us we are approaching half way through the year and that Christmas is only 6 months away!!"

Yes, the summer is here, people enjoying better weather, we certainly feel like getting out and about. Do you ever wonder why sometimes our plans go differently to our expectations? For instance, oversleeping, problems with the car, going a different way to the one we had planned and saying "God why did you let this happen? You know I needed to be somewhere important." What we may need to be reminded of is that God is our Father and he protects us, did he make us late to save us from an accident? Or send us in a different direction because of a situation that could have been bad for us? Instead of saying "God why did you let this happen," say "Thank you God for protecting and helping me."

As most of you know we were hoping to visit The Harry Edwards Healing Sanctuary in July but unfortunately, we have had to abandon this idea due to lack of interest and high prices for coach hire, our apologies to those who were interested and are now unable to go.

We have a few dates for your diary, starting with:-
